Summer 1992

Seizing A World Of Opportunity Through Strategic Planning

President Dixon presented a cost/quality comparison of a Cedarville College education to the student body. He also held a question and answer session with the alumni council on this issue. These highlights from his message flow from this year's theme at Cedarville College: "Seizing A World Of Opportunity."

Why should Christians plan? Because God has a strategic plan! Everything that He created He created with a plan. History has a plan; prophecy has a plan; God's Son came with a plan. Everything Christ did, He did strategically.

In Bible-believing Christianity today, we need people who are willing to meet the challenges of this world through strategic planning. Our planning should include sending young men and women into the work force who are prepared to "seize the opportunity" through strategic thinking.

One of Cedarville's advantages is that its personnel have always had a strong sense of mission. The purpose of Cedarville College is "to offer students an education consistent with biblical truth." Our strategic thinking, planning, and budgeting have been guided by the mission statement and have given tangible expression to a shared vision. We have devoted significant time, creative energy, and other resources to position Cedarville College for effective ministry in the twenty-first century. As we look at our future we must always go back to our mission.

I want to share with students, alumni, and friends the value additions that flow from the

strategic thinking process.

To enhance the students' academic experience, the board of trustees has authorized twelve brand new faculty positions in 1992-93. Those new positions are in athletic training, physical therapy, biology, communication arts, criminal justice, engineering (electrical and mechanical), library media, mathematics, community health nursing, philosophy, social work, and special education.

Next year's students will be the first to utilize the Engineering/Nursing Center's \$7 million building. To date the Lord has provided \$5 million in gifts and commitments. We are very optimistic as we look to Him for the remaining funds. The addition to Willets dormitory will accommodate next year's incoming students and ease the issue of three to a room in the Maddox dormitory.

As pastors and businessmen on the board of trustees addressed the computer network issue, they gave priority to developing graduates who are prepared for a networking world. This network will provide new ways for us to meet our educational mission and objectives. The students receiving computer network preparation at Cedarville College will be a marvelous testimony for Christ as they step out into the work force and become skilled professionals for the Lord.

We have also put significant dollars into increasing our financial aid program. In the Comparative Analysis of College Costs chart you can see where Cedarville ranks. Many colleges in the American higher education system raise their costs to provide increased financial aid. Our board decided many years ago to discount every student the same amount right up front by keeping costs low. That has been a strategic move for Cedarville College. The value that Cedarville offers is higher than the cost because of this plan.

The strategic moves of administrators years ago have built Cedarville College to its existing reputation. The decisions to:

- remain a Christian liberal arts college in the early 1950's
- provide a strong program in the sciences
- build a chapel for 2,000 people in 1976
- construct the Athletic Center in 1981
- graduated the first nursing class in 1985
- build the Centennial Library in 1987
- add Brock Hall in 1990
- begin a bachelor of science program in engineering in 1990
- build the Science/Engineering/Nursing complex in 1991-92
- develop the campus computer network in 1992

all had to do with the strategic plan. To God be the glory for all He has accomplished at Cedarville College these many years. Our future is bright as we focus on Him, and on our mission, and continue to think strategically.

Frances Bradley Completes 60th Year As Educator

Frances Bradley graduated from Cedarville College in 1930 with a bachelor of arts degree and accepted a position with the Xenia City School System the following fall. She taught various age levels, but preferred the younger children.

At the conclusion of the 1991-92 school year, Miss Bradley wrapped up 60 years of educating little ones. She retired with 48 years of service in the Xenia school system and 12 years with Faith Community United Methodist Church Preschool. Miss Bradley taught children, their children, and their grandchildren. "I would like to have taught a few great grandchildren," she states.

Miss Bradley describes her career as an opportunity to influence children in a positive way. Her last classes at the preschool, which she helped found, consisted of 70 children who learned colors, numbers, ABCs, and interactive social skills. She stressed the importance of the basic principles, structure, and routine. "One of the most rewarding aspects of teaching is to see how former students have excelled in their chosen careers," she says.

The Cedarville College Alumni Association salutes Miss Bradley for her exemplary life in the field of education.

Hoffeditz Presents Interactive Video

Cedarville College students continue to be recognized for their undergraduate research skills. David Hoffeditz '92 was one of four communication arts seniors invited by the Central States Communication Association (CSCA) to present research at their regional conference April 11 in Cleveland. This is the first year the professional organization of faculty and graduate students has included undergraduates in the conference.

Hoffeditz developed an interactive multimedia presentation entitled *Romania: The Entrepreneur's Frontier*. The video helps the user to better understand the history, land, economics, people, language, and culture of the country. Serving as a resource tool for business people, the multimedia program incorporates visual, oral, and textual fields in a practical application of this new communication medium.

The Cedarville students were the sole invited presenters at a workshop entitled "Big Ideas on Small College Campuses." Each student received a certificate citing excellence in undergraduate research.

The other Cedarville participants, all '92 graduates, were Sheryl Lombardo, Raul Mosley, and Jerri Cook.

The National Association of Intercollegiate Athletics (NAIA) inducted men's tennis coach J. Murray Murdoch '88H into its Hall of Fame on May 17 during the NAIA National Tennis Championships in Kansas City. He is one of only 10 tennis coaches inducted into the Hall of Fame since 1972 and only the second overall to be inducted for meritorious service. In his 27 years as coach, the men's tennis teams have compiled a 530-66 record with 22 NAIA District 22 championships and 23 Mid-Ohio Conference (MOC) titles. Cedarville teams played in 25 NAIA national tournaments, placing 8th in 1989.

To help address housing needs for Cedarville's growing student population, construction is underway to add a 96-bed wing to Willetts Hall. With applications for fall quarter 1992 running 300 ahead of this time last year, the College has started a waiting list. President Paul Dixon says the administration would like to hold enrollment for fall quarter to 2100 students.

Josephine Randall Named to Hall of Honor

On May 8, 1992, Miss Josephine Randall '22 was inducted into the Hall of Honor of the Fairborn City School System. This is the school system's most prestigious tribute. Only 38 persons have received this honor since its establishment in 1983 to recognize former employees who gave exemplary service to Fairborn schools.

Miss Randall was an educator in Fairborn for 16 of her 40 years as a teacher in Ohio's schools. A former Fairborn superintendent described her as "a superb teacher, counselor, and inspiration to the youth of Fairborn." Many Fairborn alumni regard Miss Randall as one of the most influential of their high school teachers.

A native of Greene County, she was born and educated in Cedarville. She graduated *cum laude* from Cedarville College with a bachelor of arts degree in education and earned a master of science degree in microbiology from The Ohio State University. She returned to Cedarville for summer courses in dendrology and ornithology.

Miss Randall began her teaching career at East Liberty School in Logan County where she taught for four years. She then served 20 years as a teacher and later principal at Jamestown High School in Greene County. In 1946 she joined the Fairborn school system and taught math and science before retiring in 1962.

Miss Randall received the Ohio Academy of Science Award as the outstanding teacher of the western district of Ohio the year she retired. The Fairborn Chamber of Commerce named her the 1961-62 Teacher of the Year. She was co-founder of the Fairborn Senior Citizens Association. Miss Randall currently resides at Wesley Glen Retirement Center in Columbus.

Miss Randall recently wrote to the Cedarville College Alumni Association stating, "I have not forgotten my four years at Cedarville. I have found in my 40 years of teaching that my training at Cedarville prepared me well for my career."

Diane Lichtensteiger: Teaching In China

Diane Lichtensteiger '83 directs the teaching staff of the Educational Resources and Assistance Program (ERAP) serving at The People's University in Beijing and The Beijing Institute for Light Industry (BILI). Based at Cedarville College, ERAP provides educational services and opportunities for Chinese and American students and scholars.

Diane's duties include coordinating ERAP's English-teaching program in China with these two Chinese universities. She and her 8 staff members teach English to over 200 outstanding Chinese students each year. The Chinese students major in international politics, economics, finance, and accounting.

Administering the program often places Diane in the negotiation process between university administrators, Chinese officials, and American teachers. She is highly regarded by the officials of People's University and BILI. Diane has combined her business major with a love for and commitment to the Chinese people, resulting in a successful career of teaching and administration.

Diane became acquainted with China during a 1981 MIS trip with the Cedarville College women's basketball team. She returned three different times to study Chinese and to lead MIS teams.

When People's University first asked Cedarville College to send English teachers, it was through the efforts of Myron Youngman '76. The quality performance of those early teachers so impressed the university officials that they invited Dr. Paul Dixon to sign a teaching agreement in 1986. Cedarville College agreed to provide English teachers and to assist professors at People's in finding opportunities for advanced study in the United States. Myron was the staff director for ERAP when Diane went to teach in China. She succeeded him as staff director in 1987.

As a result of ERAP's success at People's University, BILI requested a staff of teachers to begin teaching English to a select group of students beginning in 1991.

Besides Diane and Myron, 13 other Cedarville College alumni have been a part of ERAP in the past six years: Susan Dean Bowman '87, Phillip "Eddie" Clifford '86, Beverly Curtis '70, Sara Beattie Dixon '84, Greg Hobaugh '90, Matt Moore '92, Scott Morgan '88, Julie Prentice '82, Sharon Rawson '82, Clinton Rice '92, Jewel Schroder '86, Dana Weld '89, and Michael Wittmer '89.

Nine teams totaling over 135 students from Cedarville College have visited China since 1980. Nine alumni have studied in China, and 25 others have taught at various Chinese universities for at least one year.

Diane Lichtensteiger is a remarkable young lady who has had significant input into the lives of many Chinese university students. Some of these students are currently in graduate schools in the States. Only eternity will reveal the significance of the efforts and testimony that Diane has had as she faithfully serves the Lord in China.

Many alumni financially supported other areas of the College during 1991-92, from scholarship funds to capital projects. All gifts to the College are vitally important, and if you were among those who supported these areas, we thank you as well. We desire to give special attention to those who were involved with the Annual Fund.

We appreciate each of you who took part in the 1991-92 Annual Fund. No matter the size of the role you played, you indeed made a difference for current students. You helped to provide qualified faculty and staff, current educational materials, relevant cocurricular activities, fund for facilities maintenance, and for some students, further financial aid. You were a PARTNER, side by side, with our students. On their behalf, we thank you.

We did our best to include every alumnus who participated in the Annual Fund from July, 1991 to June, 1992. However, if we overlooked you, please let us know: Annual Fund Office, Cedarville College, P.O. Box 601, Cedarville, OH 45314; 513-766-7800

Thank you to the 2,329 alumni who gave toward the \$1.1 million Annual Fund need. We hope we can count on you next year as we face a \$1.15 million gap between what students pay and what it truly cost us to provide their education.

Brandon Kaercher, math and electrical engineering major, has led the Engineering Department's Aero Design team for the past two years. Cedarville's engineering students took seventh place out of 61 entries in the SAE Aero Design Competition held in Daytona Beach, Florida in May. Our students designed and built a plane that was able to lift a payload weighing over 14 pounds! They competed well against engineers from numerous prestigious schools.

The John Templeton Foundation named Cedarville College to two honor rolls for 1992. The Honor Roll for Character Building Colleges recognizes colleges and universities which "encourage the development of strong moral character among students." The Honor Roll for Free Enterprise Teaching identifies schools that have "an institutional commitment to traditional Western political and economic philosophies." The Foundation compiles both honor rolls by surveying officers of higher education institutions across the country.

The Templeton Foundation honors approximately 100 U.S. colleges and universities each year. Cedarville was one of two selected from Ohio.

Cedarville Honors Dick Walker

Dr. Paul Dixon with members Dick Walker's family: brother Ron, professor of management science; Linda, his wife; Dick; and his father, Gilbert Walker.

Walker initiated many events including

- Li'l Sibs Weekend—students inviting younger brothers and sisters to share an event-filled weekend
- Barney's week (named for Barnabas the encourager in the Book of Acts)—students volunteering service to the community and surrounding area
- Grandparents Day—students treating grandparents to a weekend of activities
- Parents Weekend—families enjoying honors chapel, a drama production, concerts, a golf tournament, recitals, a picnic basket auction, and canoe rides on the lake
- Getting Started Week—freshmen getting a warm welcome before school starts in the fall
- CZ—a very secret organization whose masked members conduct morale-boosting stunts
- The Rock—a CZ project

Dick came to Cedarville College in 1970 after a tour of duty in the U.S. Navy and a year in an accounting firm. He had spent several summers on the staff of Camp Patmos, Kelley's Island, Ohio. Walker holds degrees from Bowling Green University and the University of Dayton.

He held a number of other positions at Cedarville including dean of men, director of intramurals, director of student activities, residence director, and even economics instructor before becoming director of campus activities.

On May 4, The Cedarville College family celebrated "Dick Walker Day" to honor the director of campus activities for his 20-plus years of service.

Alumni may remember Walker handing out ice cream during finals week, having pizza delivered to Alford Auditorium during a play rehearsal, or treating students to impromptu cookouts in his backyard. His "Getting Started" team weekends will never forget the fall rafting and rappelling weekends Dick uses to bond them before their duties with freshmen begin.

Steve Green Helps Dedicate MIS Teams

Steve Green joined the College family for chapel May 7, then gave a concert that night.

Cedarville favorite Steve Green returned to campus for a special chapel on the National Day of Prayer May 7. He sang and brought a stirring message from God's Word. Steve's challenge to live in total devotion to God was a perfect preparation for the dedication of this year's Missionary Internship Service (MIS) ministries. At the conclusion of the service, those ministering this summer joined Steve on the platform while he sang "People Need The Lord." Dr. Dixon asked Dr. Richard Durham to lead in a prayer of dedication for these willing servants.

Dr. Harold Green (P.G.) told the story of MIS. Over the last 23 years, including 1992, Cedarville has seen 1605 students, faculty, and staff minister in 50 countries. By God's grace over \$2.5 million has been given to send 115 teams and dozens of individuals to mission fields around the world. The College has sent 21 basketball evangelism teams to the Philippines, 17 music teams to Australia, and 8 teams to China.

In 1992, 100 MIS participants will serve in 15 countries. Eighty-seven are travelling as members of teams, and 13 are serving as individuals. Gifts are still needed to help care for the \$195,400 cost of sending these ministers to areas of need. Please pray for these students, faculty, and staff as they serve this summer.

HOMECOMING

1992

FESTIVAL OF FRIENDSHIPS OCTOBER 16 & 17 1992

Homecoming is a great time to come back to campus to renew friendships and reunite with classmates. This year Cedarville College is also celebrating the dedication of the new Engineering/Nursing Center. You will want to include this noon event in your schedule. The new building will be open for your inspection throughout the afternoon. We will also gather in the James T. Jeremiah Chapel for the second annual All-Alumni Chapel Service at 11:00 a.m. Dr. Paul Dixon will bring a challenging message and faculty, staff and administrators will be featured. This is a good time to locate many of your friends and classmates. Classes ending in 2 and 7 are planning reunions and the class of 1942 will celebrate their 50 year Class Reunion! Looking forward to celebrating with you!
